

WHAT IS C-PACE?

Commercial Property Assessed Clean Energy (C-PACE) is a financing option offering long-term, fixed-rate, non-recourse capital. You can use our private capital for costs which impact energy & water spend, renewable improvements or seismic/resiliency measures. The repayment is made through a long-term special tax assessment on the property, making it transferable upon sale or prepayable at any time.

CIRRUS LOW CARBON

Our CIRRUS Low Carbon program provides a significantly reduced interest rate when you build a slightly more efficient building. Available exclusively from PACE Equity, we'll help you achieve the lower rate with our in-house Low Carbon Engineering team. We provide no cost Design Guidance to ensure that your project will qualify for the lower rate.

LOWER CAPITAL COSTS MEANS BETTER ROI FOR DEVELOPMENT

RENOVATION PROJECTS CAN BE FUNDED 100%

RENOVATION/RETROFIT IMPROVEMENTS

WHY SHOULD I USE PACE EQUITY FINANCING?

- Boosts project IRR
- Replaces higher cost mezzanine and equity capital
- Avoid equity dilution by maintaining larger ownership percentage
- Non-recourse funding
- Increases net operating income and property value
- Long-term, fixed-rate financing with up to 30-year terms

PACE EQUITY INNOVATES:

- We offer **CIRRUS**, the industry's lowest financing rate
- We provide an in-house **Engineering Team** who ensure we fund the maximum amount at the longest amortization term

Our Customers Come Back Again & Again.

We earn a consistently excellent customer satisfaction score: **9.7/10.**

"We were impressed with the PACE Equity team from the very beginning. It was a class act through the entire process.

We look forward to utilizing PACE Equity for our future projects."

Curtis Leick, Sower Capital

Let's get started.
